

EUROPEAN QUALITY POLICY STATEMENT

Luxfer Gas Cylinders Ltd, UK is part of the Gas Cylinder Division of the Luxfer Group and is a manufacturer of seamless high-pressure aluminium alloy gas cylinders and associated products. Its products are supplied into Europe, Asia, Far East, Middle East, Africa, Australia and the USA. Key areas of business serviced by our products are the Life Support, Medical, Fire Extinguisher, Beverage, Industrial market places and Alternative Fuel.

Luxfer Gas Cylinders Europe recognises that Quality is an essential & integral part of its business. It emphasises its commitment to Quality, in line with other Company Policies in achieving its Mission. Luxfer Gas Cylinders Europe communicates to all employees, on a regular basis, the importance of achieving Customer Satisfaction by meeting Customer Requirements and of achieving National, and Statutory and Regulatory requirements.

The Company shall maintain a Quality Management System based on the ISO 9001 and ISO 13485 series to ensure that its products:

- Are of consistent Quality and conform to all requirements of any contract or order accepted by the company;
- Perform satisfactorily and are safe to use;
- Comply with Laws, Regulations or Standards in the countries in which they are marketed;
- Are backed by prompt, dependable service.

To maintain and improve the Quality of its products, Luxfer is committed to maintain and, where appropriate, continually improve the effectiveness of its Quality Management System by regularly reviewing its set Quality Objectives & implementing appropriate improvement measures.

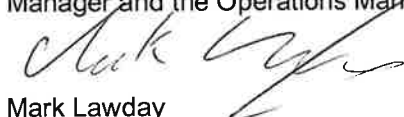

To maintain the Quality of its products, the Company shall seek to ensure that its suppliers meet Luxfers' requirements through the application of a Quality Management System where appropriate.

Luxfer resolves to achieve total Customer Satisfaction through full adherence to delivery schedule, active co-ordinated programmes for defect prevention & Quality improvement through the use of Right First Time principles. Luxfer will determine the Satisfaction of its Customers & use this information to further develop the Quality System to improve / maintain the Satisfaction of its Customers. In addition, for medical devices for which Luxfer is the Legal Manufacturer, Post-Market Clinical Follow-Up plans will be created and implemented to gain product insight in the use environment.

This statement represents the commitment to Quality of the European Management Team and Employees of Luxfer Gas Cylinders. It is communicated to all employees and made available to them through the publishing of this Management Systems Manual. Any significant changes to the Quality Policy are communicated at the monthly site meetings to which all employees are invited.

Management Representative

The Operations Director, is the appointed representative of the Company for all matters pertaining to Product Quality at the Luxfer UK (Nottingham) site. He has vested in him the Authority & Responsibility for ensuring that the Company Quality Policy is maintained. For Luxfer UK, the Operations Director, utilises the resource available to him, primarily through the Quality, Health Safety & Environmental Manager, the QA & Lab Manager and the Operations Manager, in discharging his responsibilities.
